

UNESCO

World Heritage & Intangible Cultural Heritage Customised School Outreach Training

World Heritage Education is an interdisciplinary field of education with core values of respecting cultural diversity, inheriting and developing national culture, enhancing awareness of environmental protection and sustainable development, and promoting the harmonious development of the international community. This training program offered by the UNESCO Hong Kong Association and the Hong Kong Institute of Education for Sustainable Development combines lectures, workshops, and field trips in a flexible and customisable way to enhance students' understanding of culture through experiential learning.

Highlights

- Training blocks can be flexibly customised for schools
- Combine a variety of experiential learning activities to engage students' interest
- Content based on UNESCO international conventions
- Put international frameworks into local context to enhance students' awareness of Hong Kong's heritage conservation

 **Targeted Audiences:** Primary, Secondary and University Students

 **Language:** Cantonese / Mandarin / English
